

**APPENDIX 3 ATC
DATA FROM SITES ON KEY CENTRE CORDON**

ATC DATA FROM SITES ON KEY CENTRE CORDONS

Key Centre ATC surveys were last carried out in February/March 2010

This section presents profiles of traffic entering the key centre, derived from automatic traffic counts over two consecutive weeks in February and March 2010 on roads with at least 2000 vehicles per day.

The first sheet presents total traffic flows. The five day average flow for time period 0700-1000, combined with those from the other key centres in Greater Manchester (excluding Manchester), provides the 2009/10 data for the mandatory indicator LTP6b: Peak traffic flows to other Greater Manchester key centres.

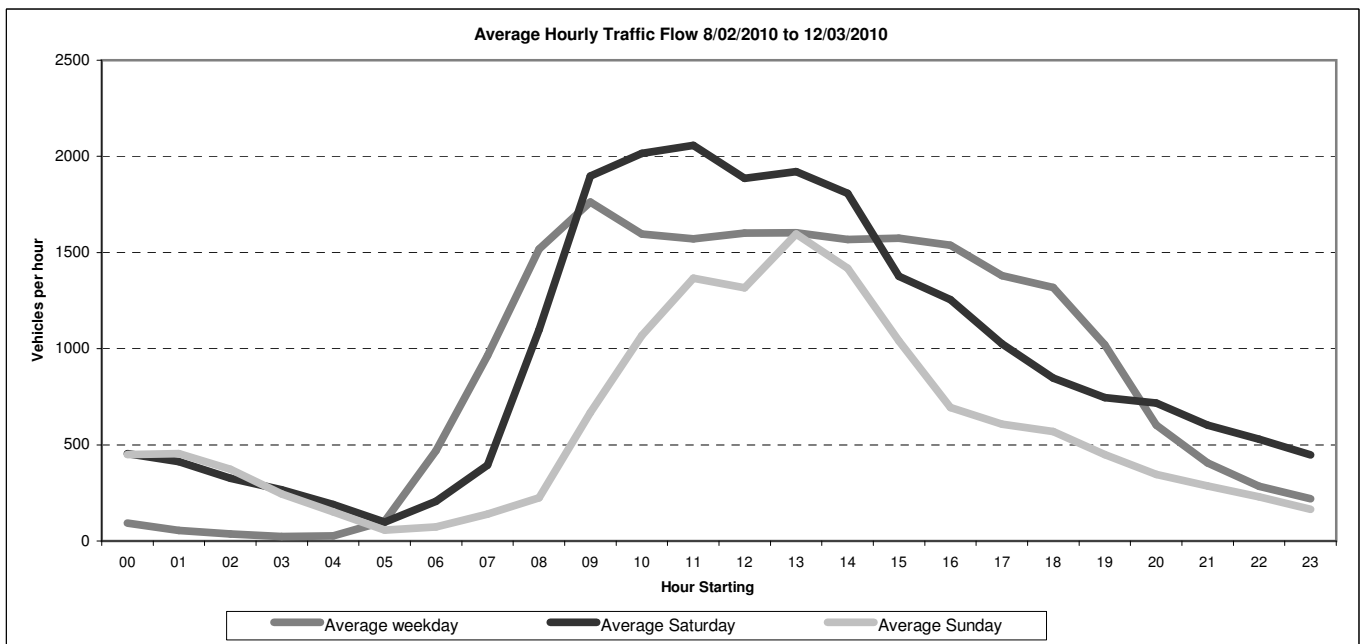

The second and subsequent sheets present data for each site as follows:

Site	Description	Direction
00210270	John Street	Northbound
00210280	Lord Street	Southwest bound
00210291	Spring Street	Eastbound
00210301	Haymarket Street	Northeast bound
00210310	Manchester Street	Northeast bound
00210321	Bolton Street	Eastbound
